

FINISHES

-  Adze
-  Burnished
-  Bushhammered
-  Flamed
-  Honed
-  Lined
-  Pumiced
-  Split Face

Complex in color with subtle notes of charcoal and brown woven throughout, Black Conte Basalt is a stand-out among other black stones. This unexpected, yet harmonious color range allows Black Conte to contrast and complement a wide variety of other building materials, while a diverse range of available finish options further deepens its mercurial nature. Excellent for use as an architectural veneer, Black Conte is also well-suited for paving, cobbles, and cut-to-size applications.
